RE: "The Incredible Boris"

Dear Boris:

The CDI Graduating class of 2014, the entire Graduation Committee, as well as the staff and other members of CDI Scarborough would like to take this opportunity to thank you for the amazing performance that you put on for us during our graduation event.

As you might very well expect, many on hand were simply thrilled to be receiving their diplomas and sharing a very special time with their loved ones, but the sheer volume of gleeful surprise and statements of wonder in regards to your performance, even days after the event continue to impress us all.

Given that our event was a family affair, we were especially pleased that everyone in the crowd, from 5 to 85 years of age, were all amused, amazed and filled with the joy of laughter as you miraculously transformed one of our most typically shy and retiring audience volunteers into the center of playful attention with your hypnotic abilities.

And while we were all smiles as we watched our volunteer seemingly lose the ability to recall an everyday sound, we were all even more impressed that days later small children and other audience members were actually calling our college to see if the audience member had been able to regain his former abilities. And as Kevin told everyone who gathered around him even right after your performance, yes he was perfectly fine, and yes he was able to remember everything he had temporarily forgotten – even if for some strange reason he now had an unusual desire for pickles. (We still can't figure that one out.)

From a Committee point of view, your professionalism, ease of access and incredible ability to work with the intricacies and specialized demands to meet our needs for the evening have put you at the top of our most beloved guests and for these reasons and many more we not only whole-heartedly have been telling our friends about you, but are looking forward to working with you again in the very near future.

With many, many thanks,

Manny
