Re: Boris the Incredible Hypnotist Show

We recently had the pleasure of working with Boris at our annual Ribfest event and it was a very positive experience overall. Boris is extremely professional in nature and puts on a show like no other. This was the first time we offered a slot on our stage for a hypnotist show and his jaw-dropping talent had the audience mesmerized from start to end. I would highly recommend him to others and will definitely look to book him again for future Richmond Hill events.

Sincerely,
